Short Bio I'm a natural born hacker, live on OS X's terminal, will sleep on a couch to get something done. Fascinate by technology understand well product and business needs. Musician as well as a tech-geek; to me, both represent creation as art.

Current Position

Co-Founder & CEO of Vidit.fm, Tel Aviv/San Francisco   September 2011 – Current

Live Demos: **Vidit Editor**, **Vidit Cubes Technology** *or on* **Gariany.com** *(under tech section)*

Vidit was a platform for the recreation of events, using simple user-generated videos and the power of crowdsourced content. Among the basic features we offered were audio-based video synchronization, multi angle video player, smooth cuts and smart automatic audio/video directing. Led operations, fund raising and product development. In addition, I developed the video editor, backend platform and iOS mobile application.

In 2013, Vidit's offering changes from a B2C startup to a project based consultant firm.
